

The Uplands

Hotel and Apartments

ST. HELIER, JERSEY

The Uplands Hotel occupies a large dedicated site and has seen a sustained refurbishment programme.

The hotel itself has forty three bedrooms and is subject to an annual assessment by AA hotel inspectors and has been awarded a three star grading. Twelve high quality serviced apartments are set within the grounds.

An intimate hotel, you can laze in the inviting sun lounge that overlooks the shaded lawn and pool, or enjoy company of family or friends in the inviting country-style bar or gardens - the choice is yours.

The management pride themselves on a high level of service and our chefs provide an excellent freshly prepared menu each evening as well as a traditional full English buffet breakfast and Bar lunches.

The hotel main buildings are based around the granite structure of a former Jersey Dairy farm where the original construction dates back to the seventeenth century. The whole complex was originally the home of one of the Island's leading political figures and modern needs are met with the guest accommodation itself being of recent construction. Our aim is to provide a 'home from home' experience with the guest comfort that goes with modern bedroom accommodation alongside our authentic Jersey rural architecture.

Convenient for both town and country alike with a large 50 space car park and a public bus service that leaves from outside the hotel main entrance.
